To Whom It May Concern:

Subject: MARC Team Award

This is a reminder that nominations for the MARC Team Award are now being accepted. We would like to close this process by March 4, 2005, as the award will be presented at our spring meeting. Please remember that any council member can make nominations for this award. The definition of "team" for this award is basically any group of people working towards the common good for both our council and small business. A formal team formation is not necessary.

Submissions and/or questions should be made to gerald.furey@navy.mil

Thanks!

Nina Evans
